

Program Name:

University of Kansas School of Medicine – Wichita Med/Peds Residency Program

Size of intern class: three

Application Process: ERAS

Number and types of letters of recommendations:

Three letters of recommendation are required. It is preferred that one letter be written by a Program Director and/or Med/Peds Physician. Letters from Department Chairs are not necessary unless the applicant **worked with them personally**.

Application review/invite timeline:

Application reviews begin on October 21st. Invitations for virtual interviews could be sent as soon as October 26th. Application review will continue through November 8th. Interviews will end by January 29, 2021.

Please note: We prefer applicants who have graduated within the last two years. We accept J-1 visas only.

Approach to Step 1: applications with a minimum score of 208 are considered. First time scores below 208 may be considered on an individualized basis.

Approach to Step 2: program must receive notification of passing score before February 15, 2021. Exceptions may apply due to covid epidemic.

COMLEX Level 1 score: applications with a minimum score of 450 are considered. First time scores below 450 may be considered on an individualized basis.

COMLEX Level 2 score: program must receive notification of passing score before February 15, 2021. Exceptions may apply due to covid epidemic

Please note: We do **not** require or find it necessary for D.O. applicants to take the USMLE exams in **addition** to the COMLEX exams.

Post-Interview Communication Policy: Applicants are welcome to send personal thank you notes to faculty and residents. Scheduled applicants will receive residency contact information in order to follow-up with questions about the program.
