

Program Name: University of Colorado

Size of intern class: 4

Application Process: Apply through ERAS

ERAS applications must include:

Required application materials for US medical school graduates:

- Formal Medical School Transcripts
- USMLE Transcripts with passing scores for Step I and II (CK, CS) are required:
 - Please submit transcript for Step II CK and CS as soon as possible, ideally by end of December.
 - No fail scores on USMLE I or II
- Personal Statement
- A Dean's letter (MSPE) from your medical school
- Curriculum Vitae (CV)

Required application materials for international medical graduates:

- Formal Medical School Transcripts
- USMLE Transcripts with passing scores for Step I and II (CK, CS) are required:
 - Please submit transcript for Step II CK and CS as soon as possible, ideally by end of December.
 - No fail scores on USMLE I or II
- Personal Statement
- A Dean's letter (MSPE) from your medical school
- Curriculum Vitae (CV)
- ECFMG (Educational Commission for Foreign Medical Graduates) certification at the time of application.

Number and types of letters of recommendations:

- 3 Letters of Recommendation (LOR): we ask that you include letters from faculty or mentors who you have worked with in a meaningful capacity and can speak to your strengths and attributes, including your clinical skills, work ethic, roles as a leader, and interpersonal skills.
 - 1 LOR from the Department of Internal Medicine – from the clerkship director or a faculty member
 - 1 LOR from the Department of Pediatrics – from the clerkship director or a faculty member
 - 1 LOR can be from other faculty or mentors
 - Please note a Med-Peds letter is not required

Application review/invite timeline:

ERAS applications will be reviewed starting October 21st. Initial invites will be sent out starting 10.30.20.

Approach to Step 1: no cut off, but require first time passing score

Approach to Step 2: no cut off, but require first time passing score

Post-Interview Communication Policy: No post-interview communication is expected of applicants. If applicants have additional questions after their interview, they are encouraged to reach out to our program at
