

Albany Medical College

Program Name: Albany Medical College, Combined Internal Medicine-Pediatrics Residency

Size of intern class: 4

Application Process: To apply to our Med-Peds program through ERAS you will be required to submit the following materials:

- Curriculum Vitae
- Dean's Letter
- ECFMG Certificate (if applicable)
- 3 Current Letters of Recommendation
- Medical School Transcript and Diploma/Certificate
- Personal Statement
- Photograph (preferred)
- USMLE OR COMLEX Steps I and II
- The application deadline is December 1st
- We sponsor J-1 visas only. We do NOT sponsor H1-B visas.
- All applications must be submitted through the ERAS Application Service.
- No email or paper applications or faxed materials will be accepted.

Number and types of letters of recommendations: 3 LOR's and Deans Letter

Application review/invite timeline: We review applications from the time ERAS opens through approximately the beginning of December.

Approach to Step 1 & 2/ COMLEX 1 & 2: Applicants can submit either USMLE or COMLEX scores (both are not necessary). We use a holistic approach to reviewing applications. Every year we do review the national scoring averages for students; however, we do not have a set score for which we would not review an application.

Post-Interview Communication Policy: We are always happy to answer any questions an applicant might have after the interview. The applicant can contact our coordinator, Michelle Corrigan, for information.

Contact Information: Program Coordinator, Michelle Corrigan: email: corrigm@amc.edu
